

The Mountain Eagle.

Independent--Screams For All !

Volume Fifteen

Whitesburg, Letcher County, Kentucky, Thursday, OCT. 19 1922

Number 33

LOCAL ITEMS

Gathered Here and There by Our Reporters and Prepared for the Busy Eagle Readers

Stephen Frazier, Jr., arrived from Cleveland, Ohio, where he has been quite ill. He suffers from heart trouble and is very weak. We hope he will soon regain his health.

FALL AND WINTER HATS, now on display. OPENING beginning OCT. 2 and continuing throughout the season. Complete line, popular prices.—The Millinery Shop, Main St. Whitesburg, Ky.

The people of the Cumberland section will rejoice to know that the new highway is headed their way. Let everybody lend a hand.

There is little or no talk about the coming November election. The right Honorables Tom and John will have to infuse a little more spirit into the affair or the people will keep right on making sorghum or stacking pumpkins.

When things look dry an' gloomy—
—ADVERTISE—

When trade is on the wane
And business dull as cane
—ADVERTISE!

Business men tell 'em there's only one way to sell 'em,
And that's to ADVERTISE!
Mullins & Fairchild, men of business, vim and grit, show the public they know a bit—and advertise. They'll keep on knowing, growing, sowing—now wait and see!

On the mail schedule effective on the 16th, mail matter addressed to Defeated Creek, Flint, Skyline, must go by the way of Roxana and not by Linefork.

Not a week passes that some one is not shot down and yet people contend that is is not out of place to drink an innocent dram. Children made fatherless, and officers often made to live lives of regret.

Dr. and Mrs. Sam Blair, after several days visit with relatives and friends will leave this week for their home at Apache, Okla.

Wm. Douglas Harr, is the name of the little gentlemanly fellow who knocked at the home of Mr. and Mrs. Gus Harr Tuesday evening, walked right in and took possession. Gus is still smiling benignant "smoles."

Mr. and Mrs. Steve Blair, of Pine Top, were the pleasant guests of Mr. and Mrs. Robert Blair during the first end of the week.

We are directed to announce U.S. Tolliver (Dude) of Upper Rockhouse a candidate for member of the County Board of Education at the November election. He solicits the support of all.

A flock of wild geese passed over town Tuesday morning. In the earlier days, say twenty-five

years ago, it was not unusual to see hundreds of these beautiful fowl winging their way toward a warmer clime at this season. Seeing wild geese always reminds us of cane molasses and hulling walnuts.

Charlie Fugate who has been quite sick at the home of his grand-mother, Mrs. Jennie Jenkins near town, has recovered sufficiently to be able to stir about again. His sister, Miss Edna left to take her place in school at Lexington, after being with her brother for some time.

R. B. Caudill, one of Blackey's progressive business men, was an Eagle caller.

We are glad to say that E. P. Blair, who has been very sick, is again able to be around.

The Fiscal Court entered an order directing County Road Engineer Emmett Blair to proceed to survey the Pine Mountain road leading via Eolia at once. When this is done a contract will be let for the work.

Of the two hundred and seventy-four persons who made the trip to Hindman all returned heart-whole and fancy-free except E.L.F. and he is recovering.

Isaacs & Lewis sold out their No. 4 coal operation here to the White Elkhorn Coal Mining Co., of Detroit. A Mr. Fugate of Hazard will have charge of the operation.

Robert Holcomb has welcomed to his home here another fine boy.

Dude Tolliver, a good citizen of Democrat, and a son of Uncle Melve Tolliver, wants to be elected a member of the County Board of Education. See his announcement.

Loretta, wife of our neighbor Will Adams, of Cowan, is suffering severely with tonsillitis. His little daughter, Elma, is also a very sick child.

Precisely fifty automobiles containing not less than two hundred and fifty persons attended the good roads boost at the County fair at Hindman last Saturday. All expressed themselves as well pleased with the trip, and that the enthusiasm for good roads is still climbing.

County Clerk John Sturgill, of Hindman was over taking in the town as well as seeing his many friends here. The play-ground of John's youth is in Whitesburg and the surrounding neighborhood.

The Graded and High School was out on parade a few days ago. The bunch paused in front of the Court house and listened

to short speeches by local Celebrities who happened to be on the public square. It was a happy crew, full of enthusiasm and boiling over with ambitions. Just three hundred and one of the bunch was counted as the crowd passed a certain point on the street. And this did not catch all of the bunch.

Agents Wanted — New home beverage, delightful and refreshing. Something new. Big earnings for hustler. Exclusive territory. Write at once. Crown Malt Extract Co. 125 E. McMicken Ave, Cincinnati, Ohio.

The State Road Commission has already received from Automobile taxes for 1922 the sum of \$2,121,164.96, as announced by N. O. Gray, Chief Clerk of the Automobile department.

Burnett Collins, a Regular Baptist Minister, Employed with an operating Coal Company at Seco, has resigned his position and is moving to the home lately vacated by E. B. Hale near mouth of Solemn. Mr. Hale has just completed a new brick residence for himself near his old home. Mr. Collins will engage in other business.

Engineers Zimmerman and Rierson left for a few days business stay at Beattyville and other points down the Northfork.

Prof. Homer Craft pays a years subscription to the Eagle for himself and that of his father Joseph L. Craft of Larue, Laurel County. This is the spirit of progressive-ness pure and simple.

Prof. Will G. See will give a concert with the High School Orchestra, assisted by the best local talent. Each student will give a Solo, besides the ensemble members. The program will be given Wednesday night Nov. 1st.

Our very especial friend, Rev. C. M. Summers, of Jackson, is in town seeing his many friends. Rev. Howe, of Louisville, accompanies him. Both are interested in State Y.M.C.A. work.

John L. McCormick is over from Big Stone Gap looking after the interests of the Mineral Development Company.

Big Nelt Webb, of Mayking, was telling us of a beautiful family reunion he had at his home, a few days ago. Around the table, spread under the apple trees, were his ten children and just thirty-one grandchildren. He likes to spread on about the pureness of their politics. Mr. and Mrs. Webb are quite young yet.

They say Knott county is full of big red apples selling for one dollar a bushel. Good roads will bring them and other good things to us in a jiffy.

Several fine correspondents are coming to the aid of the Eagle in screaming the news. Showing pride in one's neighborhood by gathering up these little news wisps is an indication of noble purpose. Let others wake up and do likewise.

See the big ad of Calumet Baking Powders.

SCRATCHES

Let me make a statement, and before making it let me say that there is not a man or woman in Kentucky who can refute it. It is this: The biggest thing before the schools and other institutions today is the drinking of whiskey. The courts and the officers of the law can only deal with it as they find it and the law's process of getting to its vitality is only in a way for the time being. Everybody knows it is a difficult proposition of teaching an old dog new tricks or any tricks at all. Notwithstanding the diversified opinions of most all people persons who grow up are in most ways just what they grow up to be. Very few people maintain independent and fixed views different to what their parents, guardians and associates are. All over this country it is a common thing to hear good citizens, mostly of the male persuasion, who openly and by action and argument are condemning the Eighteenth Amendment to the National Constitution. Some say it is fanatical and foolish in its provisions, that it is vital to our nationalism and denies the tenets of the human bill of rights, etc. If they would think a moment, say back fifty years, they would be able to know that this government led gradually up to the point where something was necessary to be done with the alarming condition that was arising over the intemperance question, or dissolution seize the nation. We were becoming a homogeneous mass of imbeciles, mental dwarfs and inebriates. The manhood and womanhood of the nation was reeling to destruction. Even the worst drunkard, the man who found himself bound in alcoholic chains, admitted that something was inevitable and at his first opportunity cast his vote to kill the traffic. And in the eye of the law, the supreme law of the land, they did kill it. The howl went up because the people were not educated to its inevitableness, and that alone is the dying, agonizing screams heard today.

Now, here's the scratch. The schools must educate the intemperance idea out of the children and the old ducks who persist in its use, who take it to their bosoms, and bow at its shrine breaking the hearts of the mothers and breathing the practice into their boys must be garaged. The churches must strike with deadly dart at its heart and the mothers must be the whole cheese. Who denies the truth of this scratch?

Uncle Jim Collins, having sold his property at Mayking, is moving this week to his newly acquired property on the river-side beyond Field Cliff.

Jeremiah

Sorghum making and potato digging is the go.

Fred Blair, son of Green Blair and Miss Eva Morton, beautiful daughter of John Morton, of Caudills Branch were happily married.

Regular Baptist Church held on Dotoz creek by Eld. Dewey Green Blair, Trustee of the Blair Branch school, gave the school a visit.

Floyd Ison is teaching the Smith school with great success.

Hiram Blair visited at Whitesburg.

Prof. Arlie L. Brown is teaching the Blair Branch School with good attendance.

Good Roads! Good Roads, the engine and boiler are ready and awaiting for the fuel. "Our Country is what we make it."

Our School this year is the best known in history. If we had good roads, we would have better schools, churches, society, wealth and happiness.

Was Model Young Man

Passing notice only was given of the accidental killing of young Carter Stoltz in last week's Eagle. Young Stoltz was a member of one of Kentucky's best families and came to Blackey from Nicholasville about two years ago. He was an intelligent, sober and upright young man and highly admired and honored by all. His untimely death is heavily felt and mourned. He was killed in the mines of the Rockhouse Coal Company.

Young Folks Marry

Last Saturday evening Charlie Banks, son of Floyd Banks of Cowan and Miss Thelma Gibson, young daughter of J. Hop Gibson, were happily married. These are excellent young folks and we take pride in wishing them much happiness.

NOTICE

Beginning on next Sunday Whitesburg will have train mail the same as on all other days. For the accommodation of the public we have agreed to handle these mails. The postoffice will be open only long enough for the public to be reasonably accommodated. Not since 1917 have we received mail on the up-coming Sunday morning train or dispatched on the early Sunday morning down train. We hope the patrons will appreciate our efforts in this matter and not expect us to put in the whole day on Sunday in the office.

N. M. Webb, Postmaster

A statement from Hazard published in yesterday's evening's Lexington papers says that Enoch Polly was assassinated at Cornettsville Tuesday evening. This report was exaggerated tho' Polly was shot but only slightly wounded.

Lion Hats for men—at Mullins & Fairchild's, only \$3 each. See adv on page 3.

Blackey

Mr. and Mrs. Jesse Speaks, Mrs. W. J. Caudill and their families, motored to Jenkins Sunday.

V. B. Morton of Ulvah, was a pleasant visitor.

Mr. and Mrs. Green Hogg arrived in Blackey to remain until after Christmas.

The barn of Willie Caudill caught on fire and burned to the ground. The cause of fire is not known.

Miss Bernice Shaw, teacher in Stewart Robinson is very ill with Influenza.

Miss Anna Brashear of Rockhouse has been very ill.

Miss Hester Wampler is very sick with Influenza.

The Senior, C. E. gave a good program Sunday night. The Topic was "Patriotism." Many splendid talks were made on the subject.

The Marshmallow toast given by the Senior C. E. Friday Night was enjoyed by all. Delightful Sandwiches were served, and then came the toasting of the Marshmallows.

At Berea

Below is a partial list of Letcher county pupils enrolled at Berea College this year:

Jane McCray	Zola Blair
Dee Tolliver	Helen Reynolds
Bessie Reynolds	Gladys Bates
Nora Reynolds	Lizzie Collins
Victoria Johnson	Lizzie Yonts
Mabel Mullins	Mabel Fields
Margaret Day	Susan Day
Margie Day	Arzella Hale
Dalna Hays	May Crawford
Goddie Holbrook	Bertha Polly
Mandy Holcomb	Fostoria Hogg
Lonzie Yonts	Maud Smith
Leonard Collins	Cullen Combs
Cullen Brown	Aster Boggs
Stanley Fields	Alvin Atkins
John Banks	Douglas Whitaker
Roy Holcomb	Chester Holcomb
Ercel Frazier	Johnny Caudill
Cecil Eversole	Floyd Frazier
Tillie Roark	Earl Frazier
Edward Adams	

Oil On Dryfork

Everybody is running high on Dryfork, three or four miles below town. A few days ago Mrs. J.C. Brown dug a small hole at the edge of the creek for a watering place for some cattle; next next the hole was full of what is said to be pure coal oil. A pint or so of the oil has been tested by oil experts at Ravenna who say it is the most surprising thing they have ever seen. The oil flashes and burns just like coal oil. It has always been known that the Dryfork section was in the oil belt.

In looking over the daily press indications are that things are dull in the big business centers. If things are dull for the newspapers in the big places necessarily they must be dull here. Now and then, however, we notice that bunches of fellows still band together and break into the city warehouses where whiskey is stored. Over-thirstiness, we suppose, prompts this.

The 1923 model Chevrolets are out and for sale by the Mullins Motor Company.

SCHOOL COLUMN

Doings of the FRESHMEN

FRESHMEN are usually considered the greenest, most unsophisticated body of pupils enrolled in High School. The class of '26 of Whitesburg High is the one exception to this rule. We regard ourselves as being unusually cultured for fresh men and women, altho we are always open to conviction and ready and anxious to learn.

We have heard that people should not toot their own horn, but we have also heard that "he that tooteth not his own horn, the same shall not be tooted." The latter idea has been adopted by us and we have appointed a news editor to report the doings of this select group.

With an enrollment of thirty, and as aforesaid select, we feel that we have the number and the spirit to put over anything that we undertake.

We are anxious to get the armory or some other suitable place for a basketball court. We are sure that we have the material for a winning team.

Our English class has a "raid on" against bad English. We have a box in which the mistakes of class members are placed, and at the end of each week the box is opened and the mistakes read and a fine of 1 cent imposed upon the careless victim. When the fines are sufficient to "support" a picnic the freshmen will "hike to the hills."

If you are interested in the doings of the freshmen watch this column each week, for we'll be there.

Three cheers for the freshmen!
GOLDIE HART, Editor

Man Badly Wounded

At Marion on Sunday evening whiskey was the cause of another shooting. Deputy Sheriff Wm. Collins was called to quell a disturbance. In attempting to arrest Arland Collins the latter was shot and perhaps fatally wounded. Collins is about twenty-one years of age and a son of Jim Wes Collins, of Knott county.

It Frosted

This morning truly the frost was on the punkin and the fodder (not) in the shock. The evening before a cool brisk breeze foretold the coming catastrophe, and all night long Mr. Jack Frost was stiffening his coat of mail. Peering thro' the window this morning the peeper beheld things as white as a sheet and the poor little flowers, buds and bushes looked horror stricken. It is sad to part company with the beautiful flowers and warm gray skies. Sad indeed to part with our dear friends!

The Eagle Goes to Press Early Each Thursday Morning

Entered as second-class matter August 28, 1907, at the Postoffice at Whitesburg, Kentucky, under the Act of Congress of August 9, 1873.

EDITORIAL

Crouched on the concrete steps in front of the Eagle sanctum, the sun shining from a glassy sky, we quietly write. "Hope springs eternal in the human breast," echoed a philosopher centuries ago. And we, too, hope. And what of the power to hope? Poor, indeed, and an irredeemable hostage to fortune, is the man or woman who has lost the power to hope. Behind the solid, indestructible barrier of hope men and women have endured the blows of life to the utmost. But so long as that defensive barrier endured victory was still theirs in prospect. Hope augurs belief, belief in one's self, belief in the justice of one's cause, and the triumph of that cause, whether it be personal or world-wide in its bearings. It was by faith and hope that religious thinkers, scientific investigators and political leaders achieved, and are achieving, the mighty feats that have added so vastly to the richness of life, that

have lifted the human mind and the human body to the higher planes they have attained. It is by hope that the every-day man or woman crushed down by unseen material catastrophes lifts his eyes upward, straightens his back and determines deep down in his heart, "I will succeed." There is profound spiritual philosophy in the old saying, "While there's life there's hope." The man or woman who has lost the power to hope has lost the great motive power to existence. He or she is like a great ship that has lost its steering gear, a hopeless object for the winds and waves to buffet to the pitiful end. It is the power to hope that makes men and women live and justify their lives by their deeds.

Mrs. Margie Ready, of Metz, Mo., after about two months visit at the home of her mother, Mrs. Sarah Bentley and her numerous other relatives and friends, leaves tomorrow for her home.

Mrs. C. H. Burton leaves for Louisville and other points.

J. S. Fairchild is on a business trip at Lexington.

Has Never Felt Better In All His Life

Thousands of frail, nervous people and convalescents everywhere have testified to remarkable power of Tanlac in bringing back their health, strength, and working efficiency. It seems to quickly invigorate the constitution and a powerful foe of weakness. Harry W. Miller, 338 S. Main St., Akron, Ohio, says: "My whole system was out of order. My whole system was out of order. My appetite failed me. I was so nervous I couldn't sleep, I lost weight, and felt worn out all the time. Tanlac certainly made quick work of my troubles. I gained nearly ten pounds in weight, and was soon feeling fine in every way."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system and builds you back to normal weight. Get a bottle today at any good druggist.

Who does not regret to see the flowers go or the birds cease their music. Through the long, warm days they have been our constant pleasure and boon companions. They have cheered and blessed as the storms hovered and lightnings played. Every cloud, tho a boomerang of thunder, has a silver lining, provided we can find it. The entire creation of our Maker's handiwork is just made up of one thing and another. The sunshine goes with the storms, the music of birds to chase away winter's desolation, the flowers to cheer the faint and sick and the luminaries in the far beyond to beckon us on to the House not made with hands—rich with many mansions. We stand on Jordan's stormy banks and behold the ships that lash the shores. Our ships are constantly drifting and ere long we shall all be over.

LETCHER CIRCUIT COURT

C. E. Howard and J. H. Newland, Plaintiffs, vs. Blacley Coal Corporation, Defendant. By virtue of a judgment and order of sale of Letcher Circuit Court, rendered at the August term thereof, 1922, in the above cause, I shall proceed to offer for sale, at the court house door in Whitesburg, Kentucky, to the highest and best bidder, at public auction, on Monday, 6th day of November, 1922, between the hours of 10 A. M. and 2 P. M. (being county court day), upon a credit of six months, the following described property, to-wit:

All the steel, steel rails, track, incline, triples, chutes, drums, monitors, mining cars and all other mining machinery, appliances and equipment of every kind and character and description now situated on what is known as the "Blackey Wagon Mine," situated on the south side of the Kentucky river in the city of Blackey, Kentucky, on the property formerly owned by Jeff Ison, etc., to secure the payment of the unpaid purchase price of said mine of \$3,000.00, with its accrued interest thereon from November 12th, 1920, until paid, and the further sum of \$400.00, with interest thereon at the rate of 6% per annum from the 12th day of November, 1921, until paid, making a total of \$3,400.00, together with all its costs in and about this action expended.

The bonds will be made payable to the acting commissioner on a credit of six months, and the purchaser must execute bond with good and sufficient surety, approved by the Commissioner, for the purchase price, due and payable as aforesaid, and bearing interest at 6% per annum and shall have the force and effect of a revolving bond.

The Commissioner will retain a lien upon said land to secure the payment of said purchase money until said bonds are paid.

Bidders will be prepared to comply promptly with these terms.

J. L. Hays,

Master Commissioner, Letcher Circuit Court.

GET RID OF THAT "Tired Feeling"

Do you feel run down and half-sick all the time? Are you thin, pale, easily tired—no energy, no ambition, no "pep"?

Now is the time to take Gude's Pepto-Mangan. It will brace you up, give you a delightful feeling of vigor and ambition, enrich your blood, build firm, solid flesh, and bring the healthy color back to your skin.

Your druggist has Gude's—Liquid or solid, as you prefer.

Announcing 1923 SUPERIOR Models

Again Chevrolet Motor Company has emphasized its admitted leadership as producer of the World's Lowest Priced Quality Automobiles.

The 1923 SUPERIOR models—one of which is here illustrated—represent the most sensational values in modern, economical transportation ever established.

QUALITY has been still further improved by more artistic design and added equipment.

ECONOMY has been still further increased by engineering refinements and added facilities.

SERVICE is now offered on a flat rate basis by 10,000 dealers and service stations.

PRICES remain the same in spite of added equipment and more expensive construction, which have greatly increased value.

Some Distinctive Features

Streamline body design with high hood; vacuum feed and rear gasoline tank on all models; drum type head lamps with legal lenses. Curtains open with doors of open models. Closed models have plate glass Tarnstedt regulated windows, straight side cord tires, sun visor, windshield wiper and dash light. The Sedanette is equipped with auto trunk on rear.

Prices f. o. b. Flint, Mich.

Five Passenger Touring	\$525
Two Passenger Roadster	510

"Built Me Up"

"I USED Cardui for years
and it did me more good
than any medicine I ever
used," writes Mrs. M. C.
Ragsdale, of Fort Towson,
Okla. "I used to suffer with
womanly trouble that weak-
ened me until I was a mere
shadow, nervous, and could
not sleep. I did not feel like
I could live.

"It seemed that nothing
helped me till I heard of
Cardui and began to use it. It

strengthened me and, as 'twas
recommended to do, it regu-
lated and built me up till I
was like another woman."

If you are weak, run-down
and feel that you need a tonic,
take Cardui, the woman's
tonic, the tonic about which
you have always heard, the
tonic that helps weak women
regain their strength.

Cardui acts on the womanly
system and helps relieve pain
and discomfort due to female
ailments.

Try Cardui, today, for your
trouble.

CALUMET

The Economy **BAKING POWDER**

Never accept "Just as Good" Brands; it will only mean disappointments and failures on bake-day, which are expensive.

Calumet is a High Grade Baking Powder, Moderate in Price

When you use it you never spoil any of the expensive ingredients used—such as flour, sugar, eggs and milk.

The sale of Calumet is 2½ times as much as that of any other brand.

THE WORLD'S GREATEST BAKING POWDER

NEW ELECTRIC BLUE PRINTING MACHINE

This process automatically printing, washing and drying by one continuous operation is known as the most efficient and economical method. The prints are more thoroughly washed and more evenly dried than by any hand process. The G. G. FETTER CO., who have just added this new equipment to their large printing and office supply establishment at 410-414 N. Main St., in Louisville say the output is approximately 100 Linear yards per hour, or four to six feet per minute. Because of the enormous production now possible this firm has been able to reduce the price to 3c per square foot. Engineers, Contractors and others having blue printing should write Fetter for Quick Service, as their specialty is Mail Orders.

\$1,441,486 A YEAR'S DISASTER RELIEF COST

Red Cross Aided 145,000 Victims in United States—Losses Total \$30,000,000.

Seventy-two disasters, with hundreds reported killed and injured, and more than 145,000 either homeless or requiring assistance, called for emergency relief measures and the expenditure of \$1,441,486.36 by the American Red Cross during the fiscal year ending June 30, 1922, according to a statement based on the forthcoming annual report of the Red Cross. The greatest toll of life was taken by hurricane and tornado, while the overflowing of rivers, the breaking of dams and the heavy rains drove the greatest number of people from their homes. The property loss was estimated at more than \$30,000,000.

The year's disasters reported included twenty-six floods, nineteen tornadoes, fifteen fires, four epidemics, two theatre collapses, two shipwrecks (one an airship), and a bridge collapse, mine explosion, railway collision and a drought. Of the floods in the United States that at San Antonio, Texas, caused the greatest property loss, \$5,000,000 and the high mark of fatalities, 100, while the flood in the vicinity of Vicksburg and Natchez, Miss., forced 31,000 persons from their homes.

A National Calamity
In the Red Cross disaster relief records there will probably remain for many years one calamity which touched nearly every state with a sense of horror and of loss. This was the distressing collapse of the roof of the Knickerbocker Theatre in Washington, D. C., resulting in ninety-six deaths and 125 persons injured. Situated in the center of the beautiful Northwest residential section, this motion picture theatre was patronized by many persons of prominence both in the official and civil life of the National capital, whose family and personal connections radiated out over the entire country. The horror was intensified by a terrific snowstorm which, though it retarded, did not block Red Cross relief.

Airship Crash Finds Aid at Hand
The crash and destruction of the U. S. Army's large airship Roma in Virginia last February with the loss of 31 officers and men and 11 injured was the first disaster of its kind to call for Red Cross relief in this country. The suddenness of the accident tested the preparedness of the organization and of the Chapter at Hampton, Va., but the action was so immediate and relief furnished the survivors, also funds for the expenses of relatives of the dead, who came from long distances to claim their own.

In the year's overseas record for aid rendered by the Red Cross are two fires in the Philippines, one in Manila,

which destroyed 1,000 homes, with a loss of \$1,500,000 and 5,000 persons made homeless, the other at Tonia, which drove 3,000 from their dwellings. In medical relief that was quick and effective the smallpox epidemic in San Domingo, which had a total of 22,000 cases with 225 deaths in a single day, tested the readiness of the Red Cross for action, and the same can be said of the San Domingo hurricane, which killed 12 persons and reduced the homes of 152 persons to wreckage. A flood in San Salvador, with a death toll of 50 and 2,000 refugees, was also effectively handled by the local Chapter of the American Red Cross.

Relief Machinery Perfected
The year has seen the further perfection of disaster relief administrative measures in every field of American Red Cross activity, and that the work may be carried on to still greater accomplishments the American Red Cross is appealing for widespread renewal of membership during the annual Roll Call to be conducted this year from Armistice Day (November 11) to and including, Thanksgiving Day (November 30).

RED CROSS HEALS WOUNDS OF WAR

25,000 Disabled Ex-Service Men in Hospitals After Four Years of Peace.

CHAPTERS' FIELD OF SERVICE

Every Veteran Needing Help Gets Individual Attention of Sympathetic Workers.

When on November 11 the world halts to observe the fourth anniversary of Armistice Day, and the American Red Cross inaugurates its Annual Roll Call for the enrollment of the 1922 membership, the people of the United States may well pause to think of the unparalleled contribution to the cause of peace made by our Army and Navy in the World War. The glory of it is a common tradition, but the wounds of war remain. They are not healed in a day, in a year, nor in four years. And on Armistice Day there will be under treatment in Government hospitals over 25,000 ex-service men, broken physically by wounds, exposure, nervous strain and exhaustion incident to their service in the war. The Government without stint is undertaking to furnish these disabled men with the compensation and medical care to which they are entitled, yet their special care is a duty of the Red Cross. Why? Because the Government cannot handle the cases of ex-service men individually; it must handle these men in bulk under a standardized policy. The Government has neither the authority, the funds or the equipment for working out the problem of the individual man. There is where the American Red Cross finds its greatest field for service, adding through its very active Chapters in reaching the disabled man with immediate practical help, assisting his family while his claim is emerging from the process of adjustment, furnishing articles of comfort, funds to tide over the difficult periods, the friendly touch of personal encouragement, helpful recreation and worry-dispelling amusement. It is the warm hand of sympathy and understanding which the American Red Cross extends to the majority of these disabled ex-service men, some of them friendless in the whirl of life, thousands of them with wives and children dependent upon them, and hundreds of them frequently helpless in the face of grim necessity.

2,679 Chapters Aiding Veterans
In this work, upon whose accomplishment the American Red Cross is urging a record-breaking enrollment in the Roll Call which opens on Armistice Day and closes with Thanksgiving Day, 2,679 Chapters in all parts of the country are engaged. This is 350 more than were working for ex-service men last year when approximately \$10,000,000 was expended by the National Organization and the Chapters working together in harmonious unity.

For the current fiscal year National Headquarters appropriated \$3,030,692.99, an increase of \$955,598.54 over the amount spent for the work among ex-service men in the year ended June 30 last. Since it is estimated that the Chapters will expend close to \$7,000,000 from their own funds, the grand total of Red Cross expenditures for this single work is expected again to reach the \$10,000,000 mark by June 30, 1922.

Hospital and District Office Work
During the fiscal year a total of over 1,000 persons, paid and volunteer, has been engaged in Red Cross duty in hospitals or district offices of the U. S. Veterans' Bureau. An average of 8,000 new cases requires definite and particular attention each month. The demand for Chapter-made articles for hospital patients is constant.

During last year Service Claims and Information Service for the work among disabled veterans, 37,200 compensation and insurance claims, 24,500 allotment and allowance cases, and 9,700 miscellaneous claims. Since February, 1919, it has disposed of 61,174 allotment checks payable to veterans which the Post Office Department reported undeliverable.

The Chapter is the unit of the Red Cross organization which is accessible to every disabled veteran or his family. Between July 1, 1921, and June 30, 1922, the Chapters had reported 1,635,079 instances of service to ex-service men and their dependents, at a cost estimated from reports now at hand of more than \$5,340,000.

The basis of this far-reaching work of the Red Cross is the individual needs of the disabled veteran to the end that he may obtain his rights under the law, that his special wants may be immediately supplied, that his own and his family's situation may be rendered happy and cheerful, and that their outlook for the future may visualize incentives for independent and fruitful effort.

Spread Christmas Joy Abroad
More than 100,000 Christmas boxes for the children of Central Europe were packed by the Junior Red Cross last year. The spread of Christmas joy through these boxes will be largely increased this year because of the plans already under way.

BAPTISTS REPORT \$35,000,000 CASH

CAMPAIGN HAS MADE POSSIBLE VAST ENLARGEMENT OF EVERY PHASE OF GENERAL WORK

GAIN 500,000 NEW MEMBERS

Effort Will Be Made to Enlist These and All Other Baptists in Share in Forward Movement During November

Total cash collections on the Baptist 75 Million Campaign up to May 1, 1922, had reached the sum of \$35,152,211.69, according to the general Campaign headquarters. This represents an advance of nearly \$20,000,000 over what Southern Baptists did for their general missionary, educational

DR. L. R. SCARBOROUGH
General Director, Baptist 75 Million Campaign.

and benevolent work for the three years preceding the Campaign. The contribution of larger gifts to religious work has been accompanied by larger spiritual results in the local churches. It is pointed out. For instance, Southern Baptists baptized 150,000 more converts during the first three years of the Campaign than they did in the three years before, gained 3,000 new Sunday schools and 400,000 new pupils, enhanced the value of their local church property by \$33,000,000, enlarged their contributions to local causes by \$22,390,000, and increased their contributions to all causes by \$43,480,490.

Baptist Institutions Grow
Some other phases of denominational progress made possible by the Campaign include increasing the number of Baptist hospitals in the South from 12 to 19, with three others under construction and four more definitely planned; strengthening of 17 Baptist orphanages and the establishment of two new ones, lifting \$3,000,000 indebtedness on 115 Baptist camps, colleges and seminaries, completion and projection of permanent improvements there in the sum of \$4,000,000, and the addition of substantial sums to the endowment funds. Over 2,500 ministerial students are enrolled at Southern Baptist schools.

Church Loan Fund Raised
Among outstanding accomplishments in the work of the Home Mission Board are the aiding of 1,000 churches in building new houses of worship, the completion of the million-dollar Church Building Loan Fund, strengthening the work among the foreigners and Indians and the 33 Mountain mission schools. The Board has employed an average of 1,495 workers during the Campaign and reports for that period 134,823 baptisms, 218,371 additions to churches, 2,276 Sunday schools and 759 churches organized, and 1,409 houses of worship built or repaired.

On the foreign fields the equipment for mission work has been practically doubled, more than 250 new foreign missionaries have been sent out, more than 400 new native workers have been employed, and the Board has entered the new fields of Spain, Yugoslavia, Hungary, Roumania, Southern Russia, Palestine, and Siberia. The Board reports for the period of the Campaign 117 new churches on the foreign fields, 21,723 baptisms, 211 new Sunday schools, gain of 17,576 pupils, native contributions of \$1,037,390.68, and 529,642 treatment administered by medical missionaries.

Another result of the Campaign is that the Relief and Amity Board, which is seeking to care for the aged dependent ministers and their families, has been enabled to double the number of such persons helped and the amount that is given these beneficiaries. Last year the Board was able to dispense \$128,956 among needy ministers. It has invested assets of \$1,148,058.

Receive 500,000 New Members
More than 500,000 new members have been received into the local Baptist churches of the South since the Campaign began, and in the hope of enlisting all these in the Campaign, as well as reaching the older members of the churches who have not shared in the forward movement heretofore, the month of November 5-December 3 has been designated as Re-enforcement Month by the Campaign Conservation Commission. During this month it is planned that every Baptist church in the South will call upon all its members who are not already participating in the Campaign and secure subscriptions from them covering the two remaining years of the movement, and cash offerings to the Campaign from all the members. Dr. L. R. Scarborough, of Fort Worth, Texas, who was general director of the original Campaign, has been elected to serve in that capacity for the Re-enforcement program, although the details are being worked out in the various states under the leadership of the secretaries of the state mission boards. It is hoped to secure several million dollars in additional subscriptions and several million in cash as well by December 1.

RED CROSS WINNING IN FIGHT FOR HEALTH

Better, Stronger Citizenry Now Emerging Out of Work in United States.

The American Red Cross as an evangelist of better health has looked its problem square in the face. Now it accepted the task revealed to it in the nation's physical condition as brought out during the World War, and conscientiously applied its activities to correction forms a vivid chapter in the forthcoming annual report. Historically and practically, nursing is a basic work for the Red Cross. In its public health nursing service, in instruction in home hygiene and care of the sick, nutrition classes, first aid and life saving courses and health centers, the American Red Cross is applying effectually the lessons learned during the war and making for a healthier, stronger and better nourished citizenry.

The task of the Red Cross Public Health nurse in the 1,240 nursing services now operating throughout the country instructing their communities in health essentials and disease prevention is demonstrating the possibilities of human betterment and the great benefits of enlightenment.

During the last year 313 new public health nursing services were established by Red Cross Chapters, and several hundred services so convincingly proved their effectiveness that they were taken over by public authorities. In order to promote this work \$20,000 was allotted to provide women to prepare themselves for public nursing. The home visits made by the 1,240 nurses aggregated nearly 1,500,000 visits to schools numbered 140,000, and in six months 1,250,000 school children were inspected by these nurses and where defects were found advised examination by physicians. In rural communities this service has made a very marked advance and has won thousands of converts to approved methods of disease prevention.

In home hygiene and care of the sick instruction, which fits the student in methods of proper care where illness is not so serious as to require professional service, the Red Cross conducted 3,884 classes during the last year, enrolled 2,336 instructors, 93,448 students and issued 42,656 certificates.

On June 30, 1922, nutrition service embraced 1,199 classes, with a total of 27,523 children and 2,580 enrolled dietitians. Seventy-eight food selection classes graduated 733 who received Red Cross certificates. In general health activities Red Cross Chapters maintained 377 health centers, serving as many communities, provided 38,751 health lectures for large audiences everywhere, while clinics numbered over 10,000.

Red Cross Gains Strength in All Foreign Fields

In insular possessions of the United States and in foreign lands the American Red Cross scored heavy gains during the last year, passing the previous membership high mark of 1918 by 4,201 and advancing the figure to 154,408. The Philippines take the lead, gaining nearly 100 per cent, now having 115,917 members. In Europe the 1921 Roll Call enrolled 11,125, with the Constantinople Chapter reporting 603, a gain of 23 members. China was a gain of 23 members, a gain of 203; the little Virgin Islands have 1,000, while the Dominican Republic with 2,927 advanced from its previous high mark by 1,223 new members. Haiti, organized in 1920, now has nearly 1,000 enrolled. Mexico reports 354, a gain of 327 in one year. The American Red Cross has spread its membership over some 70 foreign lands and its Junior membership outside of the United States is close to 700,000.

Red Cross Water First Aid Makes Life-Saving Gain

More than 825 Chapters engaged in life saving or water first aid last year with the result that the American Red Cross Life-Saving Corps has set a new high mark for enrollment and the number of qualified life savers developed. The influence of "learn to swim week" in many localities is reducing the water fatalities through instruction and the wider dissemination of resuscitation methods demonstrated by the Red-Cross representatives. Excellent work has been done in teaching a large part of the American population how to take care of itself in the water. Growing appreciation for this Red Cross Life-Saving Service is shown by the compulsory instruction adopted in many cities for members of the police and fire departments in the prone pressure method of resuscitation.

Help to Help Others
You can't "give until it hurts"—for giving an American dollar to join the American Red Cross helps you to help others who are hurt and who need relief.

RED CROSS PUTS UP \$9,739,872

Year's Budget Stresses Relief and Services at Home and Overseas.

MILLIONS FOR VETERAN AID

Over \$3,000,000 Allotted to the Disabled—Foreign Work Lessens.

Washington.—Expenditures totaling \$9,739,872.47 for carrying through its program of services and relief during the fiscal year in the United States and overseas are authorized in the budget of the American Red Cross, effective July 1, 1922. This total is \$2,735,975 less than the expenditures for the last fiscal year, when disbursements reached \$12,475,847.69. It is announced at National Headquarters in a statement emphasizing the necessity of continued support of the organization by enrollment during the annual Roll Call, November 11-November 30 inclusive. This total for the budget is exclusive of the large financial operations of the 3,300 active Red Cross Chapters, which, it is estimated, will more than double the total.

War Veterans Have First Call
First call on Red Cross funds is for the disabled ex-service men, of whom 27,487 were receiving treatment from the Government on June 1 last. This work for veterans and their families in a wide variety of service that the Government is not authorized to render and for which it has neither funds nor facilities has the call on \$3,030,692.99 during the current year, or about \$366,000 more than was expended last year for soldier service. Adding the funds disbursed in this humanitarian work of physical reconstruction following the World War by the Chapters throughout the country will approximate a total for the current year approaching \$10,000,000. This work, in the opinion of the Surgeon General's office, will not reach its peak before 1923.

Through its Chapters the American Red Cross is equipped to find the individual ex-service man, help him in his problems and difficulties, provide immediately for his necessities, and open the way for him to the Government compensation and aid to which he is entitled. The extension of this work to the families of such men proves to them that the Red Cross has lost none of its sympathy nor will to service manifested in wartime. Similarly the service goes out to the men still in the Army and Navy, 11,087 of whom were under treatment in Government hospitals on June 1, 1922.

Greater Domestic Program

This year—after five years of constructive effort during the war and after the armistice—brings with it a greater responsibility for domestic service to the American Red Cross. The budget for foreign operations, however, totals \$3,404,000, but of this amount \$1,834,000 is for medical relief and hospital supplies for Russia, which is a part of the gift made by the American Red Cross in 1921 to the Russian famine relief work of the American Relief Administration program. The child health service in Europe continues, moreover, and \$654,000 is appropriated for this work undertaken in 1920. Other items in the stringently diminished foreign program include \$200,000 to support the League of Red Cross Societies, \$22,000 for nurses' training schools instituted by the Red Cross abroad, and \$600,000 for liquidation of the general Red Cross foreign relief program.

Prepared for Emergencies
For disaster relief the Red Cross has set aside \$750,000, and for emergencies in Chapter work \$500,000 to be available for domestic, insular and foreign demands. This is more than \$355,000 above last year's expenditures. For service and assistance to the 8,300 Chapters and their branches \$1,233,000 is provided by the National organization.

Other Budget Items of Importance
In the domestic program include \$290,000 for assistance to other organizations and education institutions for training Red Cross nurses and workers; \$190,000 for Roll Call assistance furnished to Chapters; \$100,000 for unforeseen contingencies. Of the total budget less than \$500,000 is allotted for management in the National organization. No cash estimate, of course, is possible to weigh the value of the service by volunteers in the Chapters.

THE RED CROSS SUPPLEMENTS GOVERNMENT SERVICE BY MEETING THE PARTICULAR NEEDS OF THE INDIVIDUAL EX-SERVICE MAN. THIS WORK CANNOT GO ON UNLESS YOU SUPPORT IT WITH YOUR MEMBERSHIP DOLLAR. PAY UP TODAY

Administratrix Notice

All persons having claims against the Estate of John G. Smyth. Deceased, are requested to prove their claims, as required under the Statutes, and file with me at once. Jenkins, Ky., this October 2, 1922.

Mrs. Fannie Belle D. Smyth, Administratrix of the Estate of John G. Smyth, Deceased.

Notice Taxpayers

October is the last month in which to list your property for taxation. Magisterial Districts Nos. 1, 3, 4, 5 and 6 have already been worked and my deputies and myself will be busy in Nos. 2, 7 and 8 during October. Have your lists prepared and if your district has been worked and you have been missed or noticed to come to the office, you are hereby warned to list your property on or before October 31, 1922, and save penalty. My office in the Courthouse will be open daily until Oct. 31. John M. Adams, Tax Com. Letcher Co.

The Mountain Eagle Almanac

Soon the Eagle will issue for the benefit of its readers a beautiful 1923 Almanac. It will contain all kinds of valuable information and will be the first of its kind ever furnished by a local newspaper. The price of the book will be 15c per copy, but each paid in advance subscriber will get a copy free. Since the book is so valuable and costs so heavily we would be pleased for every reader to pay up in advance so they can get a copy. It will be circulated sometime along the last of December.
